# PRODUCT BULLETIN

## Tank & Boom Klear LC

### Directions For Use

Situation	Use Rate Tank & Boom Klear LC (in clean water)	Comments
Cleaning and decontaminating of spray equipment	250mL/100L	Use Tank & Boom Klear LC for the removal of residues and decontamination of spray equipment when switching from one herbicide to another, or from a herbicide to a fungicide, fertiliser or insecticide and at the end-of-season sprayer cleanout.
Spray tank size	Use per tank size	
500L	1.25L	For tanks with unknown contents or cleaning history soak all internal surfaces, lines, filters, nozzles etc for at least 24 hours in Tank & Boom Klear LC solution at the label rate. <b>Note:</b> For extra 'sticky' combinations (eg. carfentrazone-ethyl/glyphosate, Valor®/glyphosate, etc) the cleaning solution should remain in contact with all internal surfaces of the spray equipment for at least 24 hours to increase product residue removal.
1000L	2.5L	
2000L	5L	
3000L	7.5L	
4000L	10L	
Nozzles, non-drip diaphragms, screens and filters	25mL/10L	Wash components separately in a bucket.

### GENERAL INSTRUCTIONS

#### Decontamination procedure

This procedure must be followed for all equipment used in the spraying process, including venturi style hoppers, pre-mix tanks, transfer systems suction hoses, filters, tanks, tank lids, strainer baskets, booms, spray lines, nozzles etc.

- 1. Drain** all spray equipment. **Wash** the outside of the spray equipment with a label rate solution of **Tank & Boom Klear LC** to remove any product contamination.
- 2. Rinse of pressure clean** the inside of all equipment with at least 1/10 of tank capacity of clean water and drain.
- 3. Half fill the spray tank with clean water and add the total tank label rate of Tank & Boom Klear LC.** Start agitation and flush all equipment for a few seconds, with boom-end valves open and/or bungs removed. Close boom-end valves and/or replace bungs, then stop flow to boom and completely fill tank with water. Allow to stand for at least 15 minutes (or 24 hours for certain combinations – See **NOTE** in Direction for Use Table) with the boom closed and agitation running, then flush all of the solution out of the spray tank via the boom, lines and nozzles.
- 4. Clean separately with a fresh solution of Tank & Boom Klear LC and water at the rate of 25mL in 10L** all other components such as nozzles, non-drip diaphragms, screens and filters.
- 5. Do a final clean water rinse** after following the **Tank & Boom Klear LC** cleaning process above.

#### STORAGE AND DISPOSAL

Keep away from food, drink and animal feed stuffs. Keep out of reach of children.

Store in the closed, original container in a dry, cool, well ventilated area out of direct sunlight.

#### RINSATE DISPOSAL

Rinsate should be disposed of by spraying onto a crop approved for the product(s) being removed from the spray tank, or via an alternative approved method.

#### SAFETY DIRECTIONS AND PRECAUTIONS FOR OPERATOR PROTECTION

Harmful if swallowed. Irritating to eyes and skin. Wear suitable gloves and eye/face protection. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

#### FIRST AID

If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 131126.

#### CONDITIONS OF SALE

TGAC Australia Pty Ltd and its agents and/or distributors including EuroChem Pty Ltd, shall not be liable for any consequential or other loss or damage relating to the supply or subsequent handling or use of this product, unless such liability by law cannot be lawfully excluded or limited. All warranties, conditions or rights implied by statute or other law which may be lawfully excluded are so excluded. Where the liability of TGAC Australia Pty Ltd for breach of any such statutory warranties and conditions cannot be lawfully excluded but may be limited to it re-supplying the product or an equivalent product or the cost of a product or an equivalent product, then the liability of TGAC Australia Pty Ltd for any breach of such statutory warranty or condition is so limited.

The following hazard and precautionary statements are in addition to, and must be read in conjunction with the full product label:

**Harmful if swallowed. Causes severe skin burns and eye damage. May cause respiratory irritation.**

Do not breathe fume, gas, mist, vapours or spray. Wash hands, face and all exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing including eye/face protection. If medical advice is needed, have product container or label at hand. IF SWALLOWED: Call a POISON CENTER/doctor if you feel unwell. Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower]. Wash contaminated clothing before reuse. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Store locked up.
